Communauté de Travail Wehrdienstverweigerung
Bureau No 2 - Agence pour l'illumination Civile
Schottengasse.

Thank you for the TV-NEWS Number 4/1997 Jahresbericht, and for your work.
Concerning your ZOOM-pages in the World Wide Web, your phonemail, faxmail and email : Does it bring more readers ? or more costs ?

Your sentence 'versagt aber die Sekundärökonomie, bleibt nur mehr die primäre: die Steigerung der Auflage durch Ausweitung der Leserschaft.' is very significant for the wrong way you are moving.

The Ausweitung der Leserschaft ought to range BEFORE the Sekundärökonomie, as the word itself says.

Now for the ZOOM-Zeitschrift: In order to get more LeserInnen, and not only some young Alternativists, but the so called Volk, in order to illuminate it, from your (good) side of view, you should

MAKE A LAY-OUT SIMILAR TO THE KRONENZEITUNG ! or the Ganze Woche !
With the only difference, of course, that the contents are zoomed in your sense.

Your articles in ZOOM are tiringly long-stretched !
Let's take for instance your article of Publizistik-Förderung, or worse -Nichtförderung : IT WOULD BE SUFFICIENT INFORMING US BY HALF A PAGE. Instead of three !
Punto e basta.

The same with Ilse's Grund des Herzens : Mir, personally, felicit in Hymn, to understand her, nevertheless she has a very good rhythm.

The next article, written by a Jurist and Militärhistoriker : It is not to stand throughout, for a breite Leserschaft !
You should really have interferred, as a Redacteur of Kronenzeitung would have done : that is a *conditio sine qua non* (as he writes himself 5th column) for explaining facts to the common people.
Otherwise you'll never get an Ausweitung der Leserschaft. Punto e basta.

Please don't let so much room for specialists in your ZOOM.
Spezialisten haben wir genug, doch wer bedenkt das Ganze ?

And by this occasion, a question of catholic importance :

Why was it not worth for the Militärhistoriker, Professor and Jurist, to set up a NEW TITLE for Anton Uren ?

Seven pages, without even any subtitle, that's a hard Brooken for a common sized member of the heutige M,diengesellschaft.

Another Question of catholic importance :
Why have you set only the foto from 9 year's old Anton Uren ?
(Auf den Fahrrad sitzend, with his older brother.)

The Author, Militärhistoriker, might have access to the Kriegsarchiv, to get a foto from the adult Uren. (Even so, I have seen such a foto, on a book of the Kärntner Arbeiterbewegung, or so.)

I have the suspicion, that Wehrdienstverweigerers in Austria have big Berührungspunkte with Zeugen Jehova's. They bring or brought only the foto from adult Jägerstätter, a good catholic.

And still one question, please, to Mister Militärhistoriker :
Why does he write BAUER JÄGERSTÄTTER,
but UREN, ZEUGE JEHOVAS ? } Lt. Jerken, Winkler and Mairlma

As I learned from the Kärnten-book about Anton Uren, he was a HOLZFÄLLER ! Punto e basta.

The result of my reading ZOOM is, that it does not bring the whole TRUTH about facts, in spite of long-stretched articles.

Less would be more.

Your sincerely SIEGFRIED Eder,
born in the wintermonth of January, 1943,
therefore the 'christian' name, Edler dind some time,
seit 10 Jahren religionslos, aber Neutralitäts-
